## Letter From the Director

**My Grandfather always said, "We often overestimate children's experience and underestimate their intelligence." The journey of discovering who you are and what you stand for can be challenging. It is often hard to find your footing when the world is constantly changing. Tonight, we hope to give voice to the youth's fears and challenges, but also give them this message. "You are beautiful, talented, charming, intelligent, sweet and kind and wonderful. You can do hard things and you are going to change the world!"**
