DIRECTOR'S NOTE

Creating this show brought me back to my high school days when I drove an old Chevy Citation with a vertical stack push button AM radio. One of the few music stations that came through clearly was KFRC, an oldies station based out of San Francisco. I learned to love all of the old classic rock 'n roll hits. I hope this show brings back fond memories for some and introduces others to a pivotal era of music history.

It was also amazing to learn how many of these beloved songs are included in Broadway or movie musicals.

We decided to create a dance floor for this show because we just couldn't stop ourselves from dancing throughout rehearsals. So, if the mood strikes, feel free to get up and boogie or slow dance cheek to cheek.
